

# Holly Candle

## YOU WILL NEED:

- 50593: Mixed Christmas Felt Pack (Green felt)
- 49163: 13mm Red Pom-poms
- 49161: 7mm Red Pom-poms

# 49163

# 50593

# 48395

## STEP BY STEP:

1. Using the template provided cut 3 large and 3 small holly leaves (*set aside*)
2. Cut a length of ribbon 2cm longer than what you need for it to fit around your glass
3. Fold 1cm under at either end of your ribbon and slip-stitch the ends together. You should now have a ribbon circle that will slide over and fit your glass snugly
4. On the seam of the ribbon hot glue your large three holly leaves in an overlapping spray.
5. Hot glue three 13mm Pom-poms at the bottom of the spray. Leaves and pom-poms should be glued to the ribbon.
6. On the opposite side to this holly spray put together the smaller leaves and pom-poms in the same way.
7. Now slide your Holly circle over the glass, light your candle and enjoy the display.

HINT: Slide a piece of plastic (*you can cut a piece from an ice-cream bucket or milk bottle*) into the ribbon circle when ready to glue the leaves and pom-poms on. This will stop the ribbon gluing to its other side in case the hot glue seeps through.
