

Sparkle Ball

YOU WILL NEED:

- 49060: 50mm Decofoam Ball x 1
- 13522: Valuepak Standard Sewing Pins x 1 pack
- 29045: Cup Sequins 6mm x 1 tube
- 29217: Bugle Beads 7mm x 1 tube
- 29136: Seed Beads (size 8) x 1 tube
- 50002: Craft Glue

50002

13522

29045

STEP BY STEP

1. Cut ribbon for 'hanging' ornament to desired length and fold in half.
2. Dip the ends of two pins into glue and anchor the cut edges of the ribbon to the 'top' of your ball
3. Prepare some pins: in the following order, thread each pin with 1 seed bead, 1 bugle bead and 1 cup sequin (up-facing).
4. Dipping the end of each threaded pin into the glue as you go, pin threaded pins around the ball overlapping each sequin slightly until you have one row around the ball.
5. Fill in each half of the ball slightly overlapping each row so that the white ball does not show through. When you have finished, hang and enjoy.

HINTS & TIPS

- **TIP:** thread up a stack of pins and poke into a scrap piece of polystyrene to store safely before you get to pinning the ball
- **NOTE:** by dipping the pin tip in glue this ensures that your pins don't fall out of the ball.
